I have a 2006 jeep liberty for sale. It does need some work done. Definitely needs to have spark plugs changed. Feeling a zoos also has one of the small back window missing on the back seat driver side. Heat works great A/C went out 2 months ago after installing a new starter and alternator. But all in all it is a Dependable truck just needs some TLC. Selling as is. Im asking \$800 but it is negotiable.
