## Product Overview

The Schwinn 10" Roadster Scooter evokes the classic tricycles wagons and scooters of yesteryear with its bright red and chrome. It even has a real wood deck on the bottom. Your tot will scoot around the neighborhood looking cool and trendy with the Schwinn Roadster 10-inch scooter. The low-slung frame meanwhile guarantees a stable ride--a must for newbies. The Roadster also features chrome steel fenders, a single hand brake, and a burned-in logo on the deck.
